Summary

Software Engineer with 3+ years of experience in full-stack development using ReactJS, Python, and Django. Skilled in building scalable web apps, optimizing APIs, and mentoring junior developers. Passionate about clean code and modern architectures.

Experience

Software Engineer - KRAN Consulting | Trivandrum, India

March 2025 – Present

- Developed and deployed Progressive Web Applications (PWAs) for government sector projects, ensuring optimized performance and cross-device compatibility.
- Built intuitive and responsive user interfaces using ReactJS, Redux Toolkit (RTK), and Tailwind CSS, enhancing accessibility and user engagement.
- Collaborated closely with cross-functional teams to integrate APIs and deliver scalable front-end solutions aligned with client requirements.
- Conducted in-house ReactJS training sessions to upskill team members and improve project development efficiency.
- **Technologies:** ReactJS, Redux Toolkit, Tailwind CSS, Node.js, Git

Junior Developer – Netics IT Innovations | Trivandrum, India

July 2023 – January 2025

- Led full-stack development of in-house CRM and CMS platforms using Django and ReactJS, streamlining internal workflows and client management.
- Coordinated code reviews, version control, and deployment processes using Git and CI/CD tools to maintain high-quality deliverables.
- Developed and deployed academic and client web applications using Python Django, ReactJS, and SQLite, focusing on scalability and maintainability.
- Delivered technical training sessions in PHP, Python Full Stack, and Ethical Hacking for M.Tech and MCA students at reputed institutions including CET and MCET.
- **Technologies:** Python, Django, ReactJS, PHP, SQLite, Git.

Frontend Developer – Chainzent Pvt. Ltd. | Trivandrum, India

September 2022 – June 2023

- Built responsive and interactive web interfaces using ReactJS and Next.js, improving client website performance and usability.
- Collaborated with UI/UX designers to translate wireframes into functional and pixel-perfect components.
- Utilized Tailwind CSS and third-party libraries for rapid, consistent front-end development.
- **Technologies:** ReactJS, Next.js, Tailwind CSS
